

Soutěž o nejlepší Land art  
v Geoparku Ralsko

Land art je cesta

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 776465.

## New Technologies and Geopark Landscape Presentation - Virtual Reality

Pål Thjømøe

MAGMA UNESCO  
Global Geopark,  
Norway.

**Think if you could be  
anywhere in the World at  
any time in a second!**

**What if you could travel to the  
highest mountains and to the  
deepest abysses at any time?**

**What if  
mobility  
was not an  
obstacle?**

# geoVR in a nutshell a tool to your creativity

Forente Nasjoner  
Organisasjon for Utdanning,  
Vitenskap og Kultur

**Magma**  
UNESCO  
Global Geopark
